MathChainz

EDUCATIONAL CONSULTANT
& PUBLIC SPEAKER

MEDIA KIT

Hi. I'm Chainz!

EDUCATIONAL CONSULTANT & PUBLIC SPEAKER

Born Katrice Dixon but birth as MathChainz during my educational career is a product, producer and a parent of Broward County Schools. I believe I was born to be a teacher. My career focus is of course math but that's inclusive of equity, equality, engagement and enRICHment. I am dedicated to providing my students an education experience they will never forget. One that focuses on moving students, educators and all those involved from a place of surviving to thriving. It's a journey with many curved roads but I believe with intentionality... not just by me we all can be the change we wish to see and become RICHER than we've ever been as a community.

THE WORK

- ✓ BE RICH : In both content and enthusiasm school has never had a good rep for being a fun place to go.
- ✓ BUILD COMMUNITY : Creating the best learning environment doesn't start at the standards it starts at the door with a simple Hello!
- ✓ BE THE CHANGE YOU WISH TO SEE : Pull from what you need to move from surviving to thriving and give that to the world, every day, every change you get!

Student Testimonials

“ I don't skip your class because I know that you care. Other teachers don't care they just mark you absent.

Potty Otty

“ "Ms. Dixon, she's my best friend.

Besssttt Frieennd

The Reaching

@MATHCHAINZ

The overall goal is to leverage community to provide transformational educational experiences. As an educator in a Title 1 School environment before we can even address academics we have to provide a sense of hope. Reaching does that, showing students realistic examples while setting expectation of who they can become and what they can obtain. It's simply being the change you wish to see.

The Professional Development

MATHCHAINZ.COM

"Proofs in the pudding as many would say." 2022 as a department increased growth on state standardized testing by over 30 points.

Serving as a disseminator for Broward Education Foundation for three years curating engaging lesson plans for educators to adapt.

Addressing equity concerns in professional learning communities to uncover implicit and explicit biases that hinder both teaching and learning.
